

u3a Bike Rides
Wimbledon to Weybridge
Tuesday 12th August 2025

Eleven of us set off shortly after 10.00am from outside Wimbledon Station (the train from Herne Hill was a little delayed) on a glorious sunny day.

Then off up to Wimbledon Common, along Camp Road and then down through the woods and the rather slippery dry gravel to Beverley Brook.

Fortunately no one came a cropper on the gravel.

Along by the calm of the brook, and out by the Stag Lodge gate entrance to Richmond Park, enjoying the spectacle of a group of riders using the specially designed horse passageway across the A3. Up through the Park to the coffee kiosk, where we joined some other cyclists and had time for a chat and a slight cool down.

Then off down by the Ham Gate and on to Teddington, where we had a leisurely ride along the river to Kingston. Over Kingston Bridge and left to rejoin the Thames Path, which took us all along to Hampton Court. Over the bridge and to East Molesey Lock to the Little H cafe, and into the shade for coffee/cake and our packed lunches. The cafe was a bit busier than usual. No one opted to return from Hampton Court, so we continued after lunch, along the riverside path, through Sunbury Lock, Walton on Thames and finally reaching Weybridge Station by about 2.15pm and catch the train back London.

The riders were: Jane Andrew, Julie Stent, Julia Carter, Jeremy Burke, Mary and Andrew Burke, Gerry Gavigan, Caroline Strallen, Peter le Voir, Joe Antos and Sally Willcock.

Ride Leader. Jane Andrew
